Combined Disability Rating:

Explanation:

- **Diagnostic Code:** This is the specific code assigned by the VA for each disability. You would replace "5000," "5010," etc., with the actual diagnostic codes corresponding to the disabilities being evaluated.
- **Description of Disability:** Provide a brief description of each disability associated with the diagnostic code.
- **0%, 10%, 20%, 30%, 40%, 50%:** Fill in the appropriate percentages based on the VA's disability rating schedule. Adjust as needed depending on the severity of the disability.
- **Total Combined:** Calculate the combined disability rating using the VA's rules for combining multiple disabilities.
- **Summary of Ratings:** Add any additional notes or comments regarding the disability ratings.
- **Combined Disability Rating:** The final result of the combined disability ratings.
